ALL Monies from the Sale on any Assets should be ATTACHED to the Northwest Territorial Mint Bankruptcy. Settling all outstanding orders where money was sent in good faith is the only path. When money is sent for merchandise those funds should be held or placed in escrows till such merchandise is deliverable. If Northwest Territorial Mint operated in any other way they were stealing customers' money and should be held criminally accountable. Therefore as I have stated, creditors accounts should be settled.

Disgusted,
Mr. Mack McCurry
